

Does your bike shop do this for you?

When others are inside looking through their window at the rain, you can count on Team Chain Reaction to be out there in the muck, clearing the roads for cyclists! Sure, you could be sensible and buy one of our super-cool Wahoo Fitness Kickr2 trainers and imagine you're riding up Alpe d'Huez or a nice loop on a tropical island, but just in case you aren't that person, and even if you are, we'll be out there.

It's how my father brought me up, and Kevin, for better or worse, it's how his father is bringing him up too! --MikeJ (That's Kevin in the video, clearing the road)
